

Use Registration Link to Join Zoom

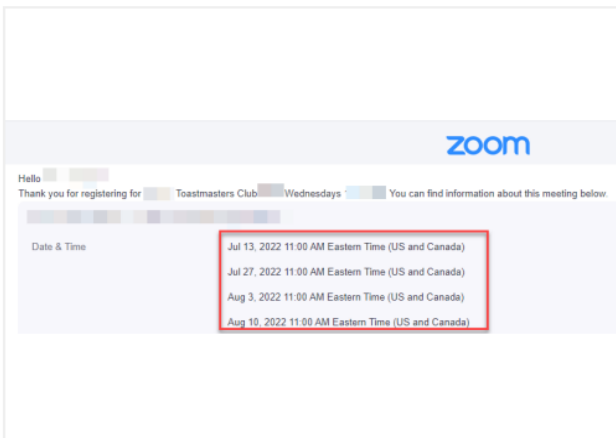

For recurring club meetings

1 Register for the Zoom meetings through the link provided to you

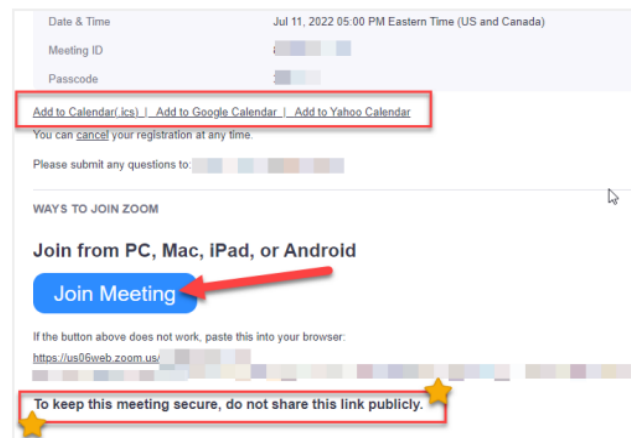

2 Check all the meetings you want to attend. It's OK if you check them all & cannot attend one in the future. You don't need to unregister. Complete all the fields and select Register.

3 You will receive ONE email with a Zoom link.
Tip: add a Zoom invitation folder in your email to save the email. Easy to find later.

You can re-register if you lose the link.

4 You can add the meeting reminders to your calendar. Join the meeting through the link. This link is specific to you. Do not share the Zoom link with others (else others attend as YOU). Send them **registration** link instead.
